

Policy for Residential Garbage Service in the City of Bagley

Listrom Disposal Inc. contracts with the City of Bagley for residential garbage removal, at a cost of \$14.00 per month. The garbage is hauled to the Fosston Incinerator in Fosston, Minnesota. There are several rules either mandated by law or rules from the incinerator that we must comply with, also policies for the safety of the crew picking up the garbage. Below are some of the rules or restrictions.

- Must have garbage out before 8 a.m. on pickup day.
- Garbage must be placed at the curb or alleyway.
- Garbage can or bag cannot be any larger than **33** gallons. Please do not purchase the larger 45-gallon cans; these are difficult to dump when full. Cans or bags cannot weigh more than **40** pounds.
- The contract calls for a limit of **3** – 33 gallon cans or bags per week. Please do not put out several small grocery sized bags and please purchase quality bags. There is an extra charge for excess garbage and you must contact Listrom Disposal prior to setting out excess garbage. Excess garbage may be left.
- Household garbage only. The incinerator will only take regular household garbage. We **cannot** take appliances, furniture, carpet, building materials, animal waste, large metal items, auto parts, electronics, batteries, large wood items, hazardous chemicals, tires.
- No yard waste. State law requires that yard waste be hauled to the landfill north of Bagley. It is free dumping during open hours at the landfill.
- No cat litter.

Routes:

Tuesday – Stoner Ave NE and Alley's between Main Ave N and Getchell Ave NE.

Wednesday – All remaining residents **northeast** of Highway 2 **and** Highway 92. **All** residents **north** of Lake Lomond and the City Park.

Thursday – All residents **northwest** of Highway 2 **and** Highway 92, **except** those residents north of Lake Lomond. **All** residents **south** of Highway 2.
